July 2022

NEWSLETTER

Fancy earning an extra £50? Refer a friend to Careline and once they have complete their first shift, we will pay £50 directly into your bank account on pay day! Please call the office if you would like some more information.

OFFICE STAFF UPDATES!

Hello Sharon!

It's all change on the Managed Care section at the moment! Many of you will have spoken to Sharon over the course of the last few months (some of you might have even worked with her too!) whilst she has been working with us in the office to complete her training in order to cover Jess whilst she is off on maternity leave.

Sharon joined Careline in 2021 as a support worker and since then she has ably supported a number of our Managed Care clients. As a result of this she is very familiar with Careline as an organisation and brings a wealth of professional and practical experience to the role.

I know that you will all join me in making her feel welcome as she embarks on filling in for Jess.

Goodbye Jess!

July sees Jess leave the Careline office to start her maternity leave with her baby due later on this month! This is Jess's first baby with her partner Karl and we are all super excited for them both! Jess has found out that she is expecting a little boy so we await his safe arrival with bated breath!

We will keep you all posted with further updates and let you all know when he arrives.

Wedding Bells!

July is a busy month for Tineka and her fiancé, James, as they prepare to finally tie the knot on the 16th July.

Originally planned for July 2020 this wedding has been postponed twice due to COVID restrictions so it's been a long time coming!

We are all over the moon that they are finally able to hold their special day and wish them all the very best for the 'big day'!

Tineka is taking a few days off for the wedding then she will be back in the office afterwards briefly before she jets off on her honeymoon to Zante!

Off to pastures new!

We have been lucky enough in the office to have had Julia working with us for 6 months on the Managed Care section, but unfortunately the time has come for us to say a fond farewell to her.

Julia came to us at the start of 2022 having just moved to the UK from Poland where she was a trained paramedic.

Julia leaves the office to return to her medical roots and will soon be seen in the corridors of the Royal Berkshire Hospital working as a Phlebotomist.

We wish Julia all the very best for the future and thank her for all of her hard work over the past 6 months!

We have a huge stock of PPE available at the office for all staff.

Please give us a call if you want some - there's plenty to go round!!

DID YOU KNOW THAT QUALIFIED NURSERY STAFF NOW EARN £12 PER HOUR WITH CARELINE??!!

If you know anyone looking for work please get them to give us a call!

TRAINING FOR CHILDCARE

Do you have adult care experience but want to work with children and young people?

Did you know that some of your adult care skills and experience could be transferrable?

We have partnered with CPD Online to produce a training package specifically for child care. We currently have a wide range of opportunities available that are suitable for staff who have care experience but wish to work with young people.

For more information, please call and speak to Tineka 0118 9585858 or email her on:
