8am-4pm

Sunday -

10am-2pm

ADHD Awareness month

October is ADHD Awareness Month, dedicated to increasing the understanding of ADHD in both children and adults. It's a time to share accurate information, challenge myths, and promote better support for those with ADHD.

Key Focus Areas:

- Children & ADHD: Promoting early intervention and support.
- Dispelling Myths: Clearing up misconceptions with facts.
- Promoting Support: Encouraging empathy and effective strategies.
- Community Engagement: Connecting the ADHD community and sharing resources.

With the colder weather approaching...

- Adjust activities or routines accordingly
- Ensure you are encouraging those you are caring for to dress warmly and appropriately.
- Remember to maintain hygiene by washing your hands frequently to prevent the spread of germs

The training platform has now changed to Atlas (<https://www.atlas-hub.co.uk/>) and you should receive an email to set up a password and login. Any issues please contact Sue in the training department her email is training@carelineagency.co.uk.

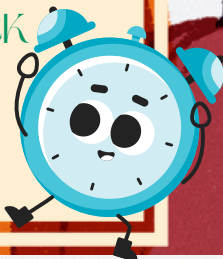

Great work!

This month's star of the month is...

Julie Gray for her continuous hard work and dedication to caring and supporting the children she cares for. Thank you for everything you do Julie!
